Addendum No. 1

Special Provisions

1. On cover sheet, the second route and mile post limit line is revised as follows:

SR 501 [I-5] MP 19.62 TO MP 20.03

2. On page 142, the following is added after line 43:

(*****)

Only one determination of the original ground elevation will be made on this project. Measurement for roadway excavation and embankment will be based on the original ground elevations recorded previous to the award of this contract.

If discrepancies are discovered in the ground elevations which will materially affect the quantities of earthwork, the original computations of earthwork quantities will be adjusted accordingly.

Earthwork quantities will be computed, either manually or by means of electronic data processing equipment, by use of the average end area method or by the finite element analysis method utilizing digital terrain modeling techniques.

Copies of the ground cross-section notes are available for the bidder's inspection at the following internet address:

<http://www.wsdot.wa.gov/biz/contaa/wsdotpro/GEO-TECH%20REPORTS/I-5SR501RidgefieldICProject%20-%20Geotech%20Report/default.htm>

Upon award of the contract, copies of the original ground cross-sections will be furnished to the successful bidder on request to the Project Engineer.

Plans

1. On cover sheet, the second route and mile post limit line is revised as follows:

SR 501 [I-5] MP 19.62 TO MP 20.03

Bidders are instructed to revise cover sheets of the Plans as revised cover sheets have not been prepared for attachment to this addendum.

Bidders shall furnish the Secretary of Transportation with evidence of receipt of this Addendum. This Addendum will be incorporated in the contract when awarded and when formally executed.

Donald R. Wagner, P.E.
Regional Administrator
